

(Vol. XVIII, No. 1, September 1944. In two sections—Section 2)

INDEX TO VOLUME 17

SEPTEMBER 1943 TO AUGUST 1944

GENERAL ALPHABETICAL INDEX

A

	Month	Page		Month	Page
ADHESIVES			When aluminum returns from the wars; prewar uses; wartime developments; postwar uses—cans of aluminum coated sheet steel, beer barrels, chemical carboys; foil. Nathaniel H. Engle.....	January	66
Adhesive tape manual; Bauer & Black division of Kendall Co.....	May	146	Aluminum foil. See Foil.		
Flux for tape moistener; International Products Corp.....	November	114	American Can Co.—Canned Food Reference Manual (reviewed).....	December	148
Glue extender (GlueX); Stein-Hall & Co., Inc.....	May	142	"Smoke float" for Navy use.....	January	114
Hardening of adhesive in jars; prevention.....	February	102	American Cyanamid Co.—Plain box with printed waxed paper wrap as substitute for cellophane wrapped printed carton; laundry blue; Calco Chemical Division.....	November	68
Is waterproof adhesive necessary (for a lined folding carton containing a powdered chemical)?.....	March	170	American Iron and Steel Institute—Packaging, Marking and Loading Methods for Steel Products for Overseas Shipment (reviewed).....	December	150
Padding-glue without rubber; So-Lo Works, Inc.....	April	136	American Management Association—Sponsorship of Package Conference and Exposition.....	February	116
Paper and frisket cement; So-Lo Works, Inc.....	May	154		April	101
Pliatub, synthetic-resin type cold padding glue; Paisley Products, Inc.....	June	130	Sponsorship of packaging course at U. S. Forest Products Laboratory.....	September	106
Pliobond, cementing wood to metal; The Goodyear Tire & Rubber Co.....	May	142	American Molasses Co.—Something old, something new; adaptation of production equipment to glass containers; operations.....	August	97
Resin adhesive for use in production of laminates of paper, cloth or glass cloth, etc.; Durite Plastics, Inc.....	August	140	American Type Founders—Typecuts in boxes.....	January	78
Resin adhesives. Sidney Thune.....	April	110	Ammunition. See Munitions.		
Thermo-electric glue heater; Divine Bros. Co.....	May	142	Army food. See Food Packaging.		
Waterproof; use in production of weatherproof board; E. I. du Pont de Nemours & Co., Inc. (Grasselli Chemicals Dept.).....	December	144	ASPHALT		
Water-resistant glues in new geography of packaging. Frank C. Campins.....	December	112	Testing grades used in manufacture of weatherproof boxes; Container Testing Laboratories, Inc.....	December	144
Water-resistant; use in camouflaging Army shipments.....	December	84	What you should know about asphalt; production; waterproofing qualities; use in paper laminations and coatings; tests.....	May	72
Water-soluble vinyl resin; adhesive for weatherproof paperboard; Grasselli Chemicals Dept. (du Pont).....	July	132	AUTOMOBILES AND ACCESSORIES		
ADVERTISING			Jeep packaging; parts in small boxes affixed to bottom of main crate; use of industrial tape.....	January	71
Annual of Advertising Art (22nd); reviewed.....	January	114	Replacement parts of "jeeps"; output speeded by conveyor system; Willys-Overland Motors, Inc.....	May	88
Display gallery.....	September	72	Waterproof envelope for engines and other motor parts; Angier Sales Corp.....	June	146
	October	90			
	November	80			
	December	88			
	January	82			
	February	86			
	March	132			
	April	92			
	May	106			
	June	86			
	July	98			
	August	110			
Postwar planning booklets: The U. S. Department of Commerce and the Graphic Arts Industry; A Plan for Building Your Postwar Printing Business Today; General Printing Ink Corp.....	April	140	B		
Should advertising and packaging (labeling) have a single legal standard? Hugo Mock.....	August	109	Bag Fillers. See Filling Machines.		
Televising the package. See Television.			BAGS		
AIR TRANSPORTATION			Victory fuel bag of water-resistant material, lined with gasoline-proof impregnated, creped cellulose wadding.....	February	72
Cargo carriers; postwar light-weight packaging.....	November	57	See also Cellophane; Paper Bags; Pliofilm; Sealing Equipment; Textile Products.		
Lobster shipment.....	June	108	Barrels. See Wooden Containers.		
Packaging for air cargo shipments. Melvin D. Miller.....	April	110	Beer. See Alcoholic Beverages.		
AIRPLANES			Bendix Aviation Corp. (Eclipse Machine Division)—Canned fuses; technical packaging operations.....	August	83
Case histories in wood; packaging at Curtiss-Wright plants.....	May	104	BEVERAGE INDUSTRIES		
Micro-finished aircraft engine parts; packaging untouched by human hands; oil-coating; waxed paper wrapping; corrugated board partitions and containers; Republic Aircraft Products.....	November	74	Pepsi-Cola goes to the fountains; 12-oz. bottle with paper cap; plastic dispensers.....	December	79
Packaging for shipment; experience applicable to automobile shipment in postwar period.....	October	65	Rehabilitation of shipping containers; White Rock Mineral Springs Co.....	July	77
Pliofilm wrapping of aircraft engines for shipment.....	October	105	See also Alcoholic Beverages.		
What containers for the sky trains? Light weight materials, plywood, standardized planning, war materials priorities, moisture, heat-sealed cellophane bags for small metal parts, effect of stratosphere, perishables, taboo materials.....	September	46	Bonderizing. See Metal Containers.		
ALCOHOLIC BEVERAGES			BOOK REVIEWS		
Aluminum beer barrels.....	January	68	Air Cargoes. J. D. Malcolmson.....	March	224
Beer goes overseas in cans.....	July	148	Annual of Advertising Art (22nd).....	January	114
Bottle supply for brewing industry.....	March	190	Canned Food Reference Manual; American Can Co. Drying and Dehydration of Foods. H. W. von Loescke.....	December	148
Plywood beer case.....	April	148	Looking Toward Better Labels; National Canners Assn.....	October	124
Allen, Arthur S.—Obituary.....	May	110	The Modern Barrel Manual, by The Associated Cooperage Industries of America, Inc.....	March	202
ALUMINUM			Packaging Catalog, 1944.....	June	134
Alcoa predicts 10-fold increase for aluminum packaging.....	January	116	Packaging, Marking and Loading Methods for Steel Products for Overseas Shipment; American Iron and Steel Institute.....	July	13
Aluminum Imagineering Notebook (reviewed); Aluminum Co. of America.....	May	146	Plastics Catalog for 1944.....	December	150
Packaging uses—postwar.....	November	55	Booth Fisheries Corp.—Fish fillet carton; moisture-repellent surface.....	February	116
Rigid containers for food and pharmaceutical products; light weight; hermetic sealing possible.....	April	94	Botany Worsted Mills—Lanolin products (5) packaged to maintain family identity.....	October	75
				July	88
			BOTTLE CLEANING MACHINES		
			Automatic ampoule washer; Perfektum Products Co.....	January	111

	Month	Page		Month	Page
BOTTLES			Salt samplers (miniature size); moisture prevention.	August	124
Bottle supply for brewing industry.....	March	190	Seawater desalter; briquets and foil envelope with vinyl bag enclosed in vinyl film carrying bag; Naval Medical Research Institute.....	January	64
Perfume container in old medicine bottle pattern...	November	79	See also Drug Trade.		
Plastic bottles of polystyrene and other thermoplastics; blowing methods.....	November	65	CHEWING GUM		
Re-use.....	December	127	Dispenser package; folding carton, folding shipping carton; Frank H. Fleer Corp.....	April	77
Round and oval bottles replacing Blake; new family design; Lederle Laboratories, Inc.....	December	87	Christmas packages. See Gift Packaging.		
Square milk bottles; Sanitary Farm Dairies.....	August	102	CIGARETTES		
Stock bottles with ceramic decoration for perfumes; Corot.....	May	94	G. I. Joe and Chelseas; Army cigarettes in vacuum peanut cans; fitting Field Rations K and C; substitute for foil wrapping; Larus & Brother Co., Inc.....	April	72
Vitamin packaging.....	April	68	How cigarette companies save cellophane.....	September	74
Boxboard tester; General Electric Co.—Special Products Division.....	October	120	Clark, Robert H. Co.—Cutting and facing tools in chipboard set-up box covered with identifying photographs; packing technique; re-use as storage unit.	April	88
BOXES			CLOSURES		
Individual cells for munitions, food, candy, etc.; patented lock feature.....	July	89	Army Air Forces problems.....	November	102
See also Folding Boxes and Display Cartons; Plastics; Set-up Boxes; Plastics; Shipping Containers; Wooden Containers.			Bag closures (sewed); Union Special Machine Co....	December	144
Bozeman Canning Co.—Cellophane wrap for "Picksweet" frozen peas; uniform design for canned and frozen products.....	July	88	Caps for glass containers; WPB studies.....	October	95
BUNDLING MACHINES			Closure tightener—Livermont Torq-Stop Wrench; Richmond, Inc.....	August	140
Special machine for wrapping cartons of Nabisco cookies, operation; Package Machinery Co.....	June	101	Corrugated and solid fibre boxes as shipping containers; closure faults.....	October	73
Butler Bros.—Boxed cacti as gift item.....	August	95	Glass closure for hot pack; Hartford-Empire Co....	January	110
C			Gluing paper closures automatically.....	January	75
Can openers. See Hardware.			How to keep the caps on mint candy fibre containers.	September	92
CANDY AND CONFECTIONERY			Metal closure for truncated paper cone (salted peanuts); The Newark Packing Co.....	June	91
Candy letter and package for servicemen and women; Prince Co.....	May	96	Milk bottle caps; application to products other than milk.....	March	117
How to keep the caps on mint candy fibre containers.	September	92	Paper cap for Pepsi-Cola fountain bottle; plastic dispensers.....	December	79
Shelf position tests to aid candy bar sales; Point of Purchasing Advertising Institute.....	December	71	Paper closures for wide-mouth bottles—vacuum seal and screw type.....	December	76
Wartime gift ideas; novelty re-use containers; Drury Lane Chocolate Co.....	July	102	Paperboard re-closures over cellophane covers—home, laboratory, institutional use; construction; display containers for retailer's unit.....	August	104
Wrapping for fruit and nut concentrate.....	October	128	Rubber permitted.....	September	94
See also Chewing Gum.			Side seal glass closure with non-rubber gasket; Hartford Empire Co.....	September	102
Cans. See Fibre Containers; Tin Cans.			Stripping urea; use for bottle caps. W. H. MacHale.....	July	114
CAPSULES			Textile bags—machine sewing, hand sewing, wire tie, tape sealing and heat sealing.....	March	128
Edible containers; rotary-die process; Gelatin Products Co.....	June	67	Toiletries and cosmetics in jars with different types of closures.....	October	130
Carrier Unit Heaters—Heaters for war zones; wrapping in greaseproof paper; wooden containers lined with waterproof paper.....	December	72	Type for unit packages.....	August	148
Cartons. See Folding Boxes and Display Cartons.			Wooden closures for men's toiletries (Balpine); Ettah Products Co.....	August	94
Cellanese-Celluloid Corp.—Motion picture, "Proving Ground" on progress in plastic packaging.....	July	136	See also Cork.		
CELLOPHANE			CLOTHING		
Effects of heat sealing on water-vapor permeabilities of coated cellophanes. William Rabak and G. L. Dehority.....	March	161	Handling clothing containers—Navy method of palletizing.....	March	113
Envelopes for airplane rivets; insulating effect; visibility.....	October	92	Navy standards for palletized unit loads; types of containers for hats, overcoats, underwear, etc.....	December	68
Flower shipment by airplane.....	September	48	COATINGS		
Heat-sealed bags for domestic shipment of small metal parts by airplane.....	September	48	Asphalt; cost; properties; uses.....	May	72
Heat-sealed cellophane tube for bouillon cubes.....	December	73	Can coating requirements of Army.....	May	91
How cigarette companies save cellophane.....	September	74	Corrosion of tin-nickel alloy coatings on steel. H. R. Copson and W. A. Wesley.....	March	164
Lamination to plies of multiwall bags.....	September	82	Furfural resins.....	March	172
Laminations of cellophane and paper.....	November	104	Greaseproof coatings; turpentine test.....	May	126
Lined containers for frozen spinach.....	October	99	Metal container coatings; Service Industries.....	April	136
Liner for frozen vegetable cartons.....	July	92	Norelac—a new thermoplastic polymer for packaging. J. C. Cowan, A. W. Schwab and L. B. Falkenburg.....	May	113
Liners for frozen foods packages.....	December	62	Petroleum waxes; thermoplastic coatings.....	January	47
Lining cylindrical or rectangular cartons; Millprint, Inc.....	December	150	Polyvinyl resins.....	March	224
Packaging dried bananas; Sanib Corp.....	July	96	Postwar trends in paper coating; technical developments. John F. Halladay.....	June	111
Set-up boxes with cellophane wraps for cookies; Cream O-Specialty Sales Co.....	August	88	Technical aspects in coating impervious papers. Robert Gordon.....	April	97
Sleeve for sulfanilamide containers; E. R. Squibb & Sons.....	October	74	COFFEE PACKAGING		
Tomatoes in cellophane wrapped (machine process) trays.....	February	78	Carbon dioxide in coffee.....	June	120
Trends in cellophane: meat wraps, individual compressed coffee squares, machine-wrapped shirts, bags for rice, sugar, etc., single dose packages of drugs and medicines, ready-to-use fresh vegetables, etc.; visibility; development of self-service.....	July	84	Dehydrated coffee in waxed truncated paper cones; closure effected by overlapping and metal-tape sealing; Great Star Soluble Coffee Co.....	April	76
CELLULOSE ACETATE			Vacuum packing of dried milk; flexible packages. Paper bag (70-lb. kraft) as shipping container; Standard Brands, Inc.....	October	108
Lipstick container; Mary Dunhill.....	November	79	Unit (individual) packages.....	July	89
Ration and first-aid containers for paratroopers and Army Air Force.....	January	65	COLLAPSIBLE TUBES	August	80
Tackle container for fighting men; Kingfisher Tackle Co.....	June	90	Aluminum tubes for civilian needs; Aluminum Co. of America.....	March	172
Centaur Company Division Sterling Drug, Inc.—Castoria comes back; newly designed package, linked to old, with emphasis on new formula; automatic packaging operation; advertising campaign.....	August	87	Postwar demand; tin and plastics.....	November	54
Ceramics. See Pottery.			Tube-for-tube plan discontinued March 1, 1944.....	February	61
CHAIN STORES			War "Makeup"; insect repellents; camouflage colors; collapsible tubes in set-up boxes; Coty.....	October	75
Postwar horizon—distribution costs; prepacking....	November	53	Wax lining.....	January	54
CHEMICALS			College Inn Food Products Co.—Dry foods in cartons—chili dinner and Western style beans.....	December	73
Aluminum carboys.....	January	68	COLOR		
Die-cut paper board unit for laundry blue; Calco Chemical Division of American Cyanamid Co.....	November	68	Color and human reactions; booklet of Eagle Printing Ink Co., "Color in the War.".....	March	172
Fifty years of salt canister styling; fibre containers; Worcester Salt Co.....	August	92	How leading designers select color for a package... a survey; suiting the product, eye appeal, contrast to competitors, company traditions, functional use, price. Herbert Kaufman.....	February	88
Glycerol monostearate in bead form, "Bemul"; Beacon Co.....	July	132	More Illusions and Facts About Color; booklet of Eagle Printing Co.....	December	150
Is waterproof adhesive necessary (for a lined folding carton containing a powdered chemical)?.....	March	170	Ration K cartons in colors; advantages.....	April	63
Moisture absorption of salt.....	July	120	Sales value of colorful packages; Cream-O-Specialty Sales Co.....	August	89
Moisture penetrability of salt packages.....	February	102	United States Navy standard grey; Textile Color Card Assn.....	October	124
Phenyl biguanide, preservative for wet gel regenerated cellulose pellicles packed in a solution of glycerine and water.....	January	114	Violet-toned box with motifs of violets for violet-scented starch; Gilcor Manufacturing Co.....	June	90

	Month	Page
Consolidated Royal Chemical Corp.—Double sales message in cartons of cool green color and new ingredient (Dixin) in sticker effect—Krank's Shave Cream.....	June	91
Consolidated Vultee Aircraft Corp.—Packaging airplane rivets in cellophane envelopes; insulating effect, visibility.....	October	92
CONSUMER CONVENIENCE		
The housewife looks at packaging; sizes and shapes—adaptability to shelving.....	July	69
Package testing from consumer's standpoint; protection, dispensing, size, identification, instructions..	March	104
Pre-packaging of perishable foods—from merchandising viewpoint; self-service inducement, etc. W. J. Stelpflug.....	August	71
Recipes on cereal packages; Pillsbury Flour Mills Co.....	May	68
What the consumer wants in frozen food packaging. Nancy Masterman.....	May	78
Contracts (Government) See Machinery and Tools.		
CONVEYORS		
Conveyor chain links of "Albro" metal; Bronze Die Casting Co.....	June	130
Portable belt conveyor; Lamson Corp.....	July	132
Portable belt conveyor useful for platform work and truck loading; Standard Conveyor Co.....	April	136
Portable conveyor; Island Equipment Corp.....	August	140
Replacement parts of "jeeps"; output speeded by conveyor system; Willys-Overland Motors, Inc....	May	88
CORK		
Home-grown cork; progress in the U. S.; closure uses. Giles B. Cooke and Clifton F. Schmidt, Jr.	April	78
Corot Perfumes—Ceramic flower and screw top on stock bottles in set-up boxes wrapped in paper; color identification of odors.....	May	94
CORROSION PREVENTION		
Aircraft engine parts.....	November	74
Corrosion on coated metal food containers. C. E. Maier and S. L. Flugge.....	April	116D
Motor wraps of laminated sheet of scrim cloth; D. W. Onan & Sons.....	May	108
Polar rust-preventive compounds; Valvoline Oil Co.	June	146
What is relationship of pH to corrosion?.....	May	126
CORRUGATED BOARD		
Partitions for aircraft engine parts packed in corrugated container.....	November	74
V-Board (corrugated and solid fibre) composition and properties.....	March	111
See also Shipping Containers.		
COSMETICS AND PERFUMERY		
Baby's cosmetics in set-up box, soap, talcum, etc.; Helene Pessl.....	August	95
Ceramic flower and screw top on stock bottles in set-up boxes wrapped in paper; identification of odors by color of wrap; Corot.....	May	94
"Charm School" in hinged wooden box; cosmetics and beauty aids; Richard Hudnut.....	August	94
Color shade names; Bulletin 653 of The Toilet Goods Assn., Inc.....	February	116
How a design is born; shell designs for Mary Dunhill cosmetics.....	November	78
Lanolin products (5) packaged to maintain family identity; Botany Worsted Mills.....	July	88
Lemon oil flavored product; transmission of organic vapors.....	March	170
Lipstick containers of metal, plastics, paper, wood..	October	83
Lipstick holder; Australian convolute paper container with telescopic closure; manufacturing details.....	March	115
Package planning procedure; family packages; trademark visibility; aesthetic and utility elements.....	September	54
Plastic containers; research.....	November	56
Plywood containers.....	April	84
Postwar perfume; new scents in same kind of bottle and box; separate identifying tight wrap and label. House of Leigh (Shulton, Inc.).....	December	72
Square boxes for face powder; couturier box for nail enamel and lipstick enamel; Revlon.....	November	68
Unit packaging; machine aid.....	August	81
War "Makeup"; insect repellents; camouflage colors; collapsible tubes in set-up boxes; Coty.....	October	75
See also Toilet Accessories.		
Coty, Inc.—War "Makeup"; insect repellents; camouflage colors; collapsible tubes in set-up boxes.....	October	75
COUNTER DISPLAYS		
Belts in set-up boxes; Pioneer Suspender Co.....	June	104
Carton for Odorono jars.....	September	59
Circular base for plaster of paris elephant housing manicure outfit; La Cross.....	March	116
Containers for consumer units of re-closures (bottle re-caps).....	August	104
Permanent wave kits.....	August	112
Shelf position tests to aid candy bar sales; Point of Purchasing Advertising Institute.....	December	71
See also Dispensers.		
COUNTING MACHINES		
Counter for shims in packaging of Studebaker truck parts.....	June	130
Courtman Chemical Co., The—Pestless Victory gardens; various chemicals and manual in duplex kraft bag.	May	95
Cranberry Canners, Inc.—Glassine as wrapper for dehydrated cranberries.....	June	102
Cream-O-Specialty Sales Co.—A million-dollar idea; pre-packaged cookies.....	August	88
Curtiss-Wright Corp.—Case histories in wood; crates for airplanes.....	May	104

	Month	Page
DAIRY PRODUCTS		
Butter in vegetable parchment.....	May	85
Milk in square bottles; Sanitary Farm Dairies.....	August	102
Pre-packaging problems.....	August	74
Vacuum packing of dried milk; flexible packages....	October	108
DISPENSERS		
Chewing gum; folding carton, folding shipping container; Frank H. Fleer Corp.....	April	77
Cold drink cups in wall dispenser for household use..	February	72
Consumers preference for pouring spouts.....	November	56
Die-cut paper board unit for laundry blue; Calco Chemical Division of American Cyanamid Co.....	November	68
Plastic dispensers replacing paper caps on Pepsi-Cola fountain bottles.....	December	79
Tape dispenser; Bauer & Black.....	June	130
Display gallery. See Advertising.		
DISPLAYS		
Glassed foods.....	November	63
See also Counter Displays; Floor Displays.		
Dixie Cup Co.—War workers' food packs; cartons for semi-liquid foods; cold drink cups in wall dispenser.....	February	72
Doughboy Mills, Inc.—Concentrated soup mix; mass production with aid of special bricking and wrapping machine.....	July	87
DRUG TRADE		
Aluminum containers for food and pharmaceutical products.....	April	94
Ampoule filling with iodine—mechanical process; coating, cartoning; Lambert Pharmaceutical Co.....	September	90
Castoria comes back; newly designed package, linked to old, with emphasis on new formula; automatic packaging operation; advertising campaign; Centaur Company Division Sterling Drug, Inc.....	August	87
Conversion and reconversion of bottling line; shift from military to civilian output and vice versa....	November	58
Edible containers (capsules); Gelatin Products Co.	June	67
How vitamins go to market—tablets and capsules, bottled, in folding cartons, plastic vials, set-up boxes; varieties; required labeling.....	April	66
Individual doses packaged in cellophane.....	July	84
New technique for readability of drug labels; family of 70 products; new types of boxes and bottles; Lederle Laboratories, Inc.....	December	86
Penicillin innovations; packaging methods of Commercial Solvents Corp.....	June	79
Penicillin; source, production, packaging methods; glass containers; filling, sealing, labeling processes; Reichel Laboratories, Inc.; Chas. Pfizer & Co., Inc.; E. R. Squibb & Sons; Merck & Co.....	February	53
Spatula applicator outfit; Pennsylvania Glass Products Co.....	August	140
Sulfanilamide envelopes; E. R. Squibb & Sons.....	October	74
Unit packaging; machine aid.....	August	81
Use of same bottle for two different products ruled misbranding; Monticello Drug Co.....	May	146
"War-born" conversion packages (substitutes for metal containers, etc.); will they last?.....	March	90
See also Chemicals; Medical and Surgical Supplies		
Drury Lane Chocolate Co.—Wartime gift ideas; novelty re-use containers.....	July	102
Dunhill, Mary—How a design is born; shell designs for Mary Dunhill cosmetics.....	November	78
E		
ELECTRICAL APPARATUS AND APPLIANCES		
Batteries for the battle front; unit packages in wrapped protective sealed bag packed in water-resistant fibreboard cartons; wooden shipping containers with waterproof lines; tests.....	September	70
Signal Corps equipment—telephone switchboards, radios, panel boards, teletypewriter machines, batteries, etc.; packaging for shipment to battlefronts; Western Electric.....	August	114
Test kit in carrying case; Infra-Red Engineers & Designers.....	March	172
Electric Eye. See Photoelectric Cell.		
ELECTRONICS		
Dehydrating with electrons; Vernon W. Sherman of Federal Telephone and Radio Corp.....	January	110
Electronic sterilization in the package. V. W. Sherman.....	February	99
Electronics at work on quality control. V. B. Baker. The impact of electronics on industry; electronic heating in packaging industry. Vernon W. Sherman.....	November	91
Etttoh Products Co.—By popular vote—label for Balpine line of men's toiletries.....	April	110
Exhibitions. See Package Contests.	August	94
EXPLOSIVES		
Taboo for commercial airplane transport.....	September	49
EXPORT PACKAGING		
Postwar.....	November	57
Tomorrow's prospects for exports—opportunities in South America, China, India; preparatory steps for packaged goods manufacturers, makers of packaging machinery, etc.....	March	95
Unit packaging; machine aid.....	August	81
X-crepe paper protection in export shipping.....	March	226
EYE-APPEAL		
Ivory soap in new dress; Procter & Gamble.....	April	76
Trends in cellophane.....	July	84
F		
Families of Packages. See Package Families.		

	Month	Page		Month	Page
FIBRE			3-oz. cologne bottle in folding carton; Mary Dunhill.....	November	79
Laminated fibre substitute for steel or wire strapping; A. J. Gerrard & Co.....	September	102	Typecuts in boxes; American Type Founders.....	January	78
FIBRE CONTAINERS			Vitamin packaging.....	April	68
Banana powder packaging; Sanib Corp.....	July	96	Window envelope for garters; Pioneer Suspender Co.....	June	104
Can for moisture protection.....	November	104	FOOD PACKAGING		
Convolute paper can from down under made by curling ends of sidewall and pressing between 2 glued discs; telescopic closures; Argent Manufacturing Corp. Pty. Ltd. (Australia).....	March	115	Aluminum containers for food and pharmaceutical products.....	April	94
Corrugated containers with wooden slats for cellophane wrapped tomato trays.....	February	79	Army Air Force and paratrooper rations and first aid sets in transparent molded cellulose acetate boxes.....	January	65
Cubes of vegetable shortening (Vreamay) in fibre board containers; Swift & Company.....	January	65	Army: from hardtack to Ration K; Subsistence Research and Development Laboratory of Army Quartermaster Corps.....	June	76
Fifty years of salt canister styling; fibre containers; Worcester Salt Co.....	August	92	Army frozen vegetable standards; cartons, liners, overwraps, shipping cases, etc. Lt. Robert de S. Couch.....	July	90
Fish fillet carton; moisture-repellent surface; Booth Fisheries Corp.....	October	75	Army rations; asphalt package coating; sealing procedure; Loose-Wiles Biscuit Co.....	May	75
Hexagonal-shaped drums for paint; Merit Paint Co. Rectangular vs. round cans.....	November	86	Army specifications; banning of paper labels on tin cans; printed information over rustproof coating.....	May	91
Restricted use; re-use.....	December	109	Baked goods; cookies pre-packaged in 5- and 10-cent packages, 2-lb. gift packages; visibility; machine wrapping and sealing; Cream-O-Specialty Sales Co.....	August	88
Shortening containers with parchment liners; Procter & Gamble.....	May	94	Bouillon cube packets; waxed paper wrapping, heat-sealed cellophane tube, folding carton; Wyler.....	December	73
Testing fibre cans for moisture protection.....	January	102	Brand identity in different types of containers.....	October	81
Water-vapor protection.....	November	98	Canned Food Reference Manual (reviewed); American Can Co.....	December	148
See also Shipping Containers.			Cellophane wraps; development of self-service, etc..	July	84
FILLING MACHINES			Cereal products; Pillsbury redesigns; identification symbol, color scheme, recipes.....	May	65
Adaptation of metal can filler to fill glass jars; American Molasses Co.....	August	97	Cereal products; redesigned packages of Pillsbury Flour Mills Co.; merchandising methods.....	August	84
Ampoule filling with iodine—mechanical process; coating, cartoning; Lambert Pharmacal Co.....	September	90	Color for Ration K cartons; advantages; meeting camouflage problem.....	April	63
Burlap bag filler; J. John Neuman Engineering & Mfg. Co.....	April	136	Concentrated soup mix; mass production with aid of special bricking and wrapping machine; Doughboy Mills, Inc.....	July	87
Conversion and reconversion for different bottle openings.....	November	59	Corrosion of tin-nickel alloy coatings on steel.....	March	164
Dry products machine with automatic 2-way conveyor; Triangle Package Machinery Co.....	October	120	Corrosion on coated metal food containers. C. E. Maier and S. L. Flugge.....	April	116D
Gingerbread mix production; The Hills Bros. Co.....	January	73	Cubes of vegetable shortening (Vreamay) in fibre-board container; Swift & Company.....	January	65
FIREARMS			Dehydrated foods; airplane transport.....	September	49
Waterproof covers for firearms (gun boots); vinyl chloride vinyl acetate copolymer bags.....	June	75	Dehydrated foods—packaging and storing; digest of paper by William Neuman, F. P. van Wazer and Roger Wilson.....	July	116
Fleer, Frank H. Corp.—Dispenser package of chewing gum; folding carton, folding shipping carton.....	April	77	Dehydrated foods, soup mix, etc., in aluminum foil.....	January	67
FLOOR DISPLAYS			Dehydrating with electrons; Vernon W. Sherman of Federal Telephone and Radio Corp.....	January	110
Belts, braces, garters in floor stand; Pioneer Suspender Co.....	June	105	Dried bananas (in cellophane-wrapped blocks) and banana powder (in fibre drums); banatose (banana powder, skimmed milk, etc., in glass jars); Sanib Corp.....	July	96
Self-selection for phonograph records; supermarket technique; RCA Victor Division Radio Corp. of America.....	August	106	Dry foods in cartons—chili dinner and Western style beans; College Inn Food Products Co.....	December	73
FLOWERS			Dry ice control; extension of market areas of perishable products.....	March	158
Airplane transportation.....	September	48	Drying and Dehydration of Foods. H. W. von Losecke.....	October	124
Fluoroscopic inspection. See Packages.			Edible containers (capsules) for concentrated foods; Gelatin Products Co.....	June	67
FOIL			The electrolytic can—its present status and future. K. W. Brighton.....	January	93
Aluminum foil—prewar uses, wartime developments. Nathaniel H. Engle.....	January	66	Emergency kits for armed forces.....	September	60
Metal foil in multiwall bags.....	September	82	Fish fillet carton; moisture-repellent surface; Booth Fisheries Corp.....	October	75
FOLDING BOXES AND DISPLAY CARTONS			Fish and meat in vegetable parchment.....	May	84
Automatic packaging of permanent wave kits.....	August	112	Fish packing in dry ice.....	March	160
Bag lined carton for dry free-flowing powder; manual filling line.....	October	108	Flavored cereal; economical pack—double package, flavor and coloring materials in separate bag.....	February	102
Bouillon cube containers; Wyler's.....	December	73	Fluoroscopic inspection.....	September	66
Cacti container—moisture-resistant (waxed) paper-board bottom; Butler Bros.....	August	95	Food for babies; boxboard carton coated with moisture-resistant synthetic plastic; Lederle Laboratories, Inc.....	September	58
Cartons for frozen vegetables; quality of stock, lining, etc.; Army standards.....	July	92	Frozen food cartons; news filled board.....	July	120
Cartons with pouring spouts; liner problem.....	April	100	Frozen food packaging; what the consumer wants: protection—water-vaporproofness, leakproofness, non-absorption of odors, durability; convenience in filling, storing, use; reasonable cost. Nancy K. Masterman.....	May	78

Penicillin. See Drug Trade.		
Pepsi-Cola Company—Pepsi-Cola goes to the fountains; 12-oz. bottle with paper cap; plastic dispensers...	December	79
Pessl, Helene—Cosmetic kit for baby.....	August	95
Pfizer, Chas. & Co.—Penicillin packaging; wet and dry methods.....	February	60
PHONOGRAPH RECORDS		
Self-selection departments; supermarket technique; types of displays and fixtures; RCA Victor Division Radio Corp. of America.....	August	106
PHOTOELECTRIC CELLS		
Electronics at work on quality control; photoelectric cell on wrapping machines. V. B. Baker.....	November	91
Piano packing. See Furniture.		
Pillsbury Flour Mills Co.—Merchandising the package change; methods.....	August	84
Redesigned packages; identifying symbol, color scheme, recipes.....	May	65
Pioneer Suspender Co.—Redesigning without paperboard.	June	104
PLANT INSTALLATION		
Something old, something new; production equipment of American Molasses Co. adapted to glass containers; operating technique.....	August	97
PLASTICS		
Bait boxes for utility kits and small parts containers. "Blocking" (self-sealing) of thermoplastic materials. Bottles of polystyrene and other thermoplastics; blowing methods.....	February	73
Bright future for vinyl resins; properties; use in food packaging. Allen F. Clark.....	December	118
Duralon, new basic resin; U. S. Stoneware Co.....	November	65
Furfural resin development; use as a laminate, etc.	March	153
Life-saving flares in metal and plastic; Navy's "abandon-ship" signalling kit.....	June	130
New principles for heating plastic coating ("Plastic skin").....	March	172
Packing uses; research.....	February	71
Pill box in heat-sealed envelope of kraft paper, cellulose film and metal foil; production operations; Upjohn Co.....	July	100
Plastic and rubber blended into resin; The B. F. Goodrich Co.....	November	56
Plastic rollers (lucite methyl methacrylate) for offset printing; Lumirol Co.....	February	62
Plastic skin; ordnance wrapping in hot-dip ethyl-cellulose coating; minimum properties; tests.....	May	142
Plastics Catalog for 1944 (reviewed).....	May	142
Polystyrene—properties and uses. G. W. Whitehead and M. A. Brown, Jr.....	February	64
Polyethylene, postwar plastic—uses; E. I. du Pont de Nemours & Co., Inc.....	February	116
Polyvinyl resins; group developed by Chemical Div. of the B. F. Goodrich Co.....	May	120
"Proving Ground"; motion picture on developments in plastic packaging; Cellanese-Celluloid Corp.....	March	172
Puckering of films in heat sealing.....	March	172
Resin adhesives. See Adhesives.	July	136
Slide rule of vinylite; Tavella Sales Co.....	December	106
Stock room bin card holders; Hollywood Athletic Co. Stripping urea; use for closures; properties. W. H. MacHale.....	April	136
Thermoplastic (Cerex) that can be boiled; food, drug and cosmetic containers; Monsanto Chemical Co. U.S.O. in a box; compact service kit distributed by "42" Products, Inc. E. F. Lougee.....	February	112
V-Film, partial substitute for pliofilm; Goodyear Tire & Rubber Co.....	July	114
Vitamin packaging in plastic vials.....	July	132
Waterproof covers for firearms (gun boots); vinyl chloride vinyl acetate copolymer bags.....	February	90
	March	172
	April	67
	June	75
PLIOFILM		
Laminated heat-sealed bag encasing aircraft engine—protection against moisture.....	March	112
Lamination in multiwall bags.....	September	82
Properties and future possibilities—food containers, drygoods wraps, protective shipment of aircraft engines; electrical properties, strength, diffusion rates, etc.....	October	103
PLYWOOD		
Plywood's prospects; manufacture of resin-bonded plywood; use as containers—functional and decorative; re-use; Wm. L. Marshall, Ltd.....	April	82
Point of Purchasing Institute—Shelf position tests to aid candy bar sales.....	December	71
POTTERY		
Perfume containers; ceramic flower and screw top on stock bottles; Corot.....	May	94
Precision Tools. See Scientific Instruments.		
PRINTING MACHINERY		
Color for lettering on tablets.....	June	120
Procter & Gamble—Ivory soap in new dress; improved eye-appeal.....	April	76
Shortening in corrugated fibreboard cartons with parchment liners.....	May	94

PRODUCTION

Conversion and reconversion of bottling line; shift from military to civilian output and vice versa.....	November	58
Makeshift packaging line—iodine filled ampoules; Lambert Pharmacal Co.....	September	90
Manpower versus machine power in packaging gingerbread mix; paperboard carton, glassine liner; The Hills Bros. Co.....	January	72
Something old, something new; production equipment of American Molasses Co. adapted to glass containers.....	August	97

R

Radio Corp. of America (RCA Victor Division)—Self-selection for phonograph records; supermarket technique.....	August	106
--	--------	-----

REFRIGERATION

Dry ice control; extension of market areas of perishable products.....	March	158
Frozen food storage units.....	November	56
Reichel Laboratories, Inc.—Penicillin packaging; wet method.....	February	58
Republic Aircraft Products—Packaging micro-finished aircraft engine parts; materials and methods.....	November	74

RESEARCH

Package design research with your own staff; agencies	March	105
Packaging laboratory; pattern and scope.....	March	140
Plan now for re-conversion; after-the-war program. C. W. Browne.....	October	59
Progress report on test procedure; Packaging Institute Technical Committee.....	April	116D

RE-USE CONTAINERS

The Army re-uses; conservation of lumber and paper.....	March	76
Bottles.....	December	127
Case stories in paper conservation and container re-use.....	April	116A
Chipboard and corrugated boxes.....	December	124
Novelty containers for candy; Drury Lane Chocolate Co.....	July	102
Paper and container preservation and reclamation—Navy Department. Frederick C. Barber.....	November	97
Pliofilm drygoods containers and clothing storage bag.....	October	105
Plywood.....	April	82
Re-use campaign ties in with L-317 (limiting use of fibre boxes). R. L. Van Boskirk.....	November	106
Salvage campaign.....	February	75
Savings in critical materials.....	February	61
Shipping cartons. See Shipping Containers, Rehabilitation.....		
Shipping containers; obliteration of old markings on crates, wooden boxes, corrugated containers.....	November	73
Textile bags made into clothing.....	March	131
Why re-use is imperative.....	April	128
WPB regulators.....	March	190
Revlon Products Corp.—Square boxes for face powder; cutout box for nail enamel and lipstick enamel.....	November	68

RUBBER

Derivative films for food packaging.....	November	55
--	----------	----

RUBBER, SYNTHETIC AND SUBSTITUTES

Conveyor belt; Goodyear Tire & Rubber Co.....	December	144
Kem-Fol, substitute where lower tensile strength and elongation are permissible; Sherwin-Williams Co.....	September	102

RUBBER PRODUCTS

Colloidal latex; potential applications (coating paper, etc.); B. F. Goodrich Co.....	June	130
Rubber hydrochloride film for packaging and sealing eggs, golf balls, etc.; airtight and moistureproof protection; machine operation; Wingfoot Corp. (The Goodyear Tire & Rubber Co.).....	August	91

S

Salt packaging. See Chemicals.....		
Sanford Ink Co.—Sleeve container with 2 trays of 6 ink bottles each; display feature.....	May	95
Sanib Corp.—Dried bananas in cellophane-wrapped blocks; banana powder in fibre drums; banatose (banana powder, skimmed milk, etc.) in glass jars.....	July	96
Sanitary Farm Dairies—Square milk bottles.....	August	102
Saran. See Packaging Materials.....		
Schnefel Bros. Corp.—Manicure kit in plaster of paris elephant; circular display case; La Cross line.....	March	116

SCIENTIFIC INSTRUMENTS

Gun-director packaging for overseas shipment; Western Electric Co.....	October	79
Fluoroscopic inspection.....	September	66
Moisture gage; Hart Moisture Gauges, Inc.....	September	102
Scientific research. See Research.....		

SEALING, HERMETIC

Bonding lead foil or lead sheet metallurgically; Reynolds Metals Co.....	February	112
--	----------	-----

SEALING EQUIPMENT AND SUPPLIES

Asphalt sealed Army biscuit cartons.....	May	75
Effects of heat sealing on water-vapor permeabilities of coated cellophanes. William Rabak and G. L. Dehority.....	March	161
Electric iron for sealing waterproof paper, used as barrier in packing gun-directors; Western Electric Co.....	October	80
Heat-sealer, foot-pedal operation and multi-use sealer; Pack-Rite-Machines.....	November	114

Heat-sealer with air extractor; Amsco Packaging Machinery, Inc.....	August	140
Heat-sealing frozen foods packages with curling iron or flat iron.....	December	62
Heat-sealing frozen spinach container.....	October	99
Heat-sealing machine; Package Machinery Co.....	October	120
Heat-sealing of glassine bag; carton sealing; gingerbread mix.....	January	74
Hot asphalt for sealing prefabricated waterproof bags; Western Electric Co.....	October	77
Lead seal for machine gun plastic sheet covering; other uses.....	March	117
Liquid chemical for tape sealing; Seal, Inc.....	December	144
Metal-tape sealing for dehydrated coffee containers.....	April	76
Multi-use heat sealer; Pack-Rite Machines.....	May	142
Non-critical jar rings of Koroseal. B. F. Goodrich Co.....	September	102
Penicillin vials; flame-sealed.....	February	59
Pressure sealing tapes; International Plastic Corp.....	May	154
Puckering of films in heat sealing.....	December	106
Reconversion of double filling, heat-sealing machine for dental poultice pads in cellophane envelopes to wrapping Army ration powders.....	February	84
Roving heat sealer for motor wraps; D. W. Onan & Sons.....	May	108
Sealing and sterilizing bandages simultaneously; Gotham Aseptic Laboratory, Inc.....	May	124
Tape sealing and heat sealing textile bags.....	March	129
Toggle-jaw sealer; Pack-Rite Machines.....	January	110
Waterproof paper sealing tape.....	December	148
Waterproof tapes; McLaurin-Jones Co.....	October	120
Water-resistant tapes for export packaging. B. L. Trosdon.....	November	102
X-crepe paper bags sealed by cold, knurled pressure rolls.....	March	122

See also Norseal.
Seeds. See Garden Supplies.

SET-UP BOXES: PAPER

Belts in counter display box; Pioneer Suspender Co.....	June	104
Conservation measures.....	March	192
Corrugated set-up with dry ice and insulating pads for fresh fish.....	March	158
Cosmetic kit for baby; soap, talcum, etc.; Helene Pessl.....	August	95
First aid travel kit; Johnson & Johnson.....	September	58
Metal edge boxes for cutting tools; Michigan Tool Co.....	June	83
Outer enclosures for Mary Dunhill cosmetics and cologne.....	November	79
Penicillin containers (vials) in set-up boxes.....	February	58
Perfume bottle containers; colored paper wraps for identification of different odors; Corot.....	May	94
Shaving cream, lotion, talcum and deodorant sets; baseball theme—"Home Run Set," etc.; Sport-line, Inc.....	January	64
Square boxes for face powder; cutout box for nail enamel and lipstick enamel; Revlon.....	November	68
Vitamin packaging.....	April	67
War "Makeup"; insect repellents; camouflage colors; collapsible tubes in set-up boxes; Coty.....	October	75

SET-UP BOXES: WOOD

"Charm School" in hinged wooden box; cosmetics and beauty aids; Richard Hudnut.....	August	94
Leatherette-covered boxes for Army and Navy medals; construction.....	June	84
Leech shipments; packing in clay; Charles Yacobi.....	November	88
Overseas shipment of war communications systems; waterproof paper lining; waterproof sealing tape or adhesive; excelsior substitutes; Western Electric Co.....	October	76
Pug-nose box which can be dropped without parachute.....	December	158
Rouge box with white enameling; Mary Dunhill.....	November	79
Tools in chipboard boxes covered with identifying photographs; Robert H. Clark Co.....	April	88
Shattuck, Frank G. Co.—Rehabilitation of shipping containers.....	July	79

SHIPPING CONTAINERS

Air cargoes (reviewed). J. D. Malcolmson.....	March	224
Case histories in wood; packaging at Curtiss-Wright plants.....	May	104
Corrugated case for carton packs of frozen vegetables; Army standards.....	July	93
Export containers for Navy clothing.....	December	69
Fibreboard drums for seeds.....	December	81
Freight claims resulting from faulty packing; corrugated and solid fibre boxes; re-used boxes; closures.....	October	70
Fresh fish in dry ice; packaging and shipping details.....	March	160
How to Prepak in Corrugated Boxes; booklet of The Hinde & Dauch Paper Co.....	June	134
Limitation on manufacture and use.....	November	108
Packaging lessons learned from the war; V-boxes, small arms ammunition cartons, ration cartons, moistureproof pliofilm bag, handling of clothing containers, Government container specifications. J. D. Malcolmson.....	March	110
Paper bag (70-lb. kraft) holding 12 one-pound bags of roasted, ground coffee; Standard Brands, Inc.....	July	89
Piano shipping; box lined with asphalt laminated paper.....	September	76
Plywood's prospects.....	April	83
Rehabilitation of cartons; White Rock Mineral Springs Co.; Frank G. Shattuck Co.....	July	77
Re-use of gingerbread mix cartons; The Hills Bros. Co.....	January	72
So You Know All About Case Sealing; booklet of F. G. Findley Co.....	October	124
Strap-bound wooden boxes for seed bags and cartons. What makes cans corrode in V-boxes; laboratory report.....	December	81
Where the cartons are; distribution of 1943 production.....	December	100
	June	126

	Month	Page
Wire-bound box lined with paraffined paper for gas masks (each in Pliofilm case) in quantity.....	September	59
Wood-cleated fibre board boxes; construction; uses.	February	80
Wooden containers for canned fuses. Bendix Aviation Corp. (Eclipse Machine Division).....	August	146
Wooden containers lined with waterproof paper for war zone heaters and parts; Carrier Unit Heaters.	December	72
Wooden crates for war goods; Henry Ford.....	January	69
See also Fibre Containers; Set-Up Boxes: Wood.		
SHIPPING PROBLEMS		
Airplane packaging; experience applicable to automobile shipment in postwar period.....	October	65
Airplane transport.....	September	116
British war packing code and practice; overseas shipments.....	July	72
Brochures of Shipping Management, Inc.....	January	114
Corrosion of aircraft engine parts. See Corrosion Prevention.

TANKS		
Electric heating tanks for heating wax or rust preventatives, etc.; D. C. Cooper Co.....	August	140
Melting and dipping tank; Youngstown Miller Co.	August	140
Technical Assn. of Pulp and Paper Industry Annual meeting.....	February	116
Army and Navy Requirements Conference; summary of addresses.....	November	96
TELEPHONE EQUIPMENT		
Packing and shipping for Army and Navy. Western Electric Co.....	October	76
	August	114
TELEVISION		
Effect on package design.....	November	57
Televising the package; close-ups to promote package recognition; featuring the package in action, product in use, point-of-sale, manufacturer's plant, production and packaging operations; color problem. Wallace F. Janssen.....	April	59
TEXTILE PRODUCTS		
Bags—their present and future; burlap, cotton, etc.; construction and uses; closure tests; re-use.....	March	126
Fireproofing and moldproofing.....	May	126
TIN		
Salvaging toothpaste and shaving cream tubes.....	November	118

TIN CANS

Beer goes overseas in camouflaged cans.....	July	148
Corrosion of tin-nickel alloy coatings on steel.....	March	164
Corrosion on coated metal food containers. C. E. Maier and S. L. Flugge.....	April	116D
The electrolytic can—its present status and future. K. W. Brighton.....	January	93
Fuse containers; packing procedure; Bendix Aviation Corp. (Eclipse Machine Division).....	August	83
Key opening type to hold parachutes and fuses for 23-lb. fragmentation bombs; Army Air Corps.....	February	73
Paper labels banned by Quartermaster Corps; substitution of printed information over rustproof coating.....	May	91
Rusted cans in V-boxes; corrosion causes; recommendations.....	September	53
Seed containers; shipments to South Africa.....	December	81
Tin conservation program; wartime can-making practices.....	September	106
Tipper temperature control of vent-hole fillers—evaporated milk cans; saving of solder, other advantages. David W. Choate.....	April	98
What makes cans corrode in V-boxes; laboratory report.....	December	100

TOILET ACCESSORIES

"Batter-up" series; pottery containers for shaving cream, lotion, talcum and deodorant; replicas of baseballs, bats, etc.; sets in set-up box entitled "Home Run Set," etc.; Sportline, Inc.....	January	64
Container problems; closures.....	October	83
Glass jars of Odorono in display cartons.....	September	59
Manicure kit in plaster of paris elephant; circular display base; La Cross.....	March	116
Men's toiletries (Balpine)—cologne, bath oil, hair groom, skin lotion and shaving lotion; custom-made labels, wooden closures; Ettoh Products Co.	August	94
Package planning procedure.....	September	57
Packaged permanent wave kit; 3 vials in sleeve box; Turner Hall Corp.....	March	116
Permanent wave kits in folding cartons; automatic machinery in packaging; tie-up with advertising; counter displays.....	August	112
Shaving cream featuring Diexin in sticker effect; name of product subordinated to brand name—Krank's; Consolidated Chemical Corp.....	June	91
Stim-u-Dents (tooth space cleansers and gum massagers) in die-cut foldover.....	April	77
See also Cosmetics and Perfumery.		
Tools. See Hardware; Machinery and Tools.		

TRADEMARKS AND BRANDS

Army Exchange keeps brands alive. Ruth Coale		
Carll.....	October	88
Brand identity in emergency container.....	October	130
Export seal program for non-Lend-Lease shipments; dealcomania service of The Meyercord Co.....	July	132
How labels keep brand identity.....	January	60
Identification symbol on 6 sides of package; Pillsbury Flour Mills Co.....	May	66
Trademark interests to be reported to Alien Property Custodian.....	January	106
Turner Hall Corp.—Packaged permanent wave kit; 3 vials in sleeve box.....	March	116
Typecuts in boxes; American Type Founders.....	January	78

Color for Ration K cartons; advantages.....	April	63
Hot boxes—packaged fire for fighting men; preparation, packaging, use (heating rations).....	July	80
How long Government controls? WPB machinery for integrating production programs. J. A. Krug.....	March	93
Labels that carry the flag; War Food Administration's standard package design, Foreign Economic Administration's Lend-Lease flag.....	June	72
"Meeting Wartime Restrictions"—theme of Packaging Institute annual meeting; proceedings.....	December	107
Must American labels be blacked out: Camouflage by use of water-resistant labels and adhesives; Army requirements.....	December	84
Packaging lessons learned from the war; V-boxes, small arms ammunition cartons, ration cartons, moistureproof pliofilm bag, handling of clothing containers, Government container specifications. J. D. Malcolmson.....	March	110
Proving Ground"; motion picture on developments in plastic packaging; Celanese-Celluloid Corp.....	July	136
Textile bags; Army, Navy and Lend Lease uses.....	March	126
What is relation of WFA to WPB containers branch? Programming of food production and containers.....	October	96
Wood-cleated fibreboard boxes; construction; uses. Washington Review; summary of current restrictions and limitations. R. L. Van Boskirk.....	February	80
	September	94
	October	110
	November	108
	December	138
	January	104
	February	104
	March	190
	April	126

	Month	Page
Waverly Co.—Savory herbs; individual glassine-wrapped packets in folding white carton.....	November	69
WAXED PAPER		
Bandage wrapping.....	September	92
Limitation on manufacture and use.....	November	108
Petroleum waxes; wet and dry waxing; laminating; application methods; uses—food packaging, ordnance wraps, etc.....	January	47
Plain box with printed waxed paper wrap as substitute for cellophane-wrapped printed carton; laundry blue; Calco Chemical Division of American Cyanamid Co.....	November	68
Wrapping micro-finished aircraft engine parts; Republic Aircraft Products.....	November	74
WEIGHING MACHINES		
Pre-determined weight scale; Toledo Scale Co.....	July	132
Western Electric Co.—Overseas shipments of war communications systems; packing technique.....	October	76
Packaging radio and wire communications for invasion.....	August	114
White Rock Mineral Springs Co.—Rehabilitation of shipping containers.....	July	77
Willys-Overland Motors, Inc.—Military packaging in jeep-time; conveyor system for replacement parts.....	May	88
WOODEN CONTAINERS		
High strength boxes without metal; use of wooden dowels; Klomparsen Lock Joint Manufacturing Co.....	February	112
Lobsters in slack cooperage barrels.....	June	106
The Modern Barrel Manual (reviewed). The Associated Cooperage Industries of America, Inc.....	June	134
See also Shipping Containers.		
Worcester Salt Co.—Fifty years of salt canister styling.....	August	92
WRAPPING MACHINES		
Cellophane-wrapped cookie boxes; Cream-O-Specialty Sales Co.....	August	90
Concentrated soup mix; mass production with aid of special bricking and wrapping machine; Doughboy Mills, Inc.....	July	87
Electronics at work on quality control; photoelectric cell on wrapping machines. V. B. Baker.....	November	91
Morrow-Stevens paper wrapper and sealer; Maxon Automatic Machinery Co.....	February	112
WRAPPING MATERIALS		
Greaseproof paper for war zone heaters and parts; Carrier Unit Heaters.....	December	72
Oiled fruit wrap.....	September	92
Waxed triple lamination of kraft, cellophane, sulphite for concentrated soup mix; Doughboy Mills, Inc.....	July	87
Wyler and Company—Bouillon cube packets; waxed paper wrapping, heat-sealed cellophane tube, folding carton.....	December	73
Y		
Yaccobellis, Charles—Leeches in tin and wooden containers; packing in clay for export, in moss for domestic shipment.....	November	88

AUTHORS' INDEX

	Month	Page
A		
ARONOVSKY, S. I., TALBURT, W. F., AND LATHROP, E. C. Norseal—a new cork substitute.....	June	116
B		
BABSON, JOHN C. What can engineers expect of paper packaging? List of requirements.....	November	100
BAKER, V. A. Electronics at work on quality control; photoelectric cells on wrapping machines.....	November	91
BARBER, FREDERICK C. Paper and container preservation and reclamation—Navy department.....	November	97
BARNBY, H. A. Automatic glass packaging; outline of Glass Packaging Manual in preparation.....	December	111
BARTON, SAMUEL G. Testing marketwise; protective feature, dispensing service, unit size, commodity and brand identification, potential selling power, instructions, storage possibilities; research agencies.....	March	104
BREYER, RALPH F. Package versus bulk handling costs; test product—rice.....	December	74
Packaging cost and package performance—bulk vs. package handling.....	April	108
BRIGHTON, K. W. The electrolytic can—its present status and future.....	January	93
BROWN, M. A., JR. See Whitehead, G. W., jr. auth.		
BROWNE, CHRISTOPHER W. Is everyone conserving paper? Direct mail advertising.....	April	85
Land of plenty; postwar job of feeding the world; container problems.....	March	85
New Year's prophecy in packaging field—military and civilian needs.....	January	55
Paper situation; supply of pulp logs, priorities, conservation, reclamation and re-use practices, packaging material, government and civilian orders.....	September	43
Plan now for re-conversion; after-the-war program.....	October	59
Today we conserve; campaigns for conservation of materials and re-use containers.....	February	61
